TURKEY CREEK SHOWS ITSELF BETTER SUITED FOR DUCKS

St. Louis, Mo., Sept. 18.—Heavy rains and swollen tributaries caused a rise of more than ten feet in the Mississippi river during the past twenty-four hours, and resulted in damage along the river front amounting to many thousands of dollars. A considerable quantity of produce and other merchandise was washed away, and a vast amount is still in danger. Merchants having warehouses along the river have organized gangs of laborers and are endeavoring to save their property. The river stage this forenoon showed a rise of ten feet in twenty-four hours. This is the most rapid rise since the one of eleven years ago when all of the lowlands were submerged.

WHAT KANSAS CITY CAN
TELL ABOUT FLOODS.

Kansas City, Mo., Sept. 18.—Rain has fallen in Kansas City and vicinity every day except one during September, with a total rainfall to date of ten inches in seventeen days, and today there was no prospect of cessation. Practically the same conditions have prevailed throughout western Missouri, especially the northwestern corner of the state, and portions of eastern and central Kansas. All of the streams in this part of the country continue to rise and railway traffic is becoming demoralized because of washouts.

In this city since yesterday an inch and a half of rain fell, while at Wichita, Kan., the precipitation amounted to 3.14 inches.

SANTA FE HAS STILL
VIRTUALLY A CLEAR LINE.

Topeka, Kan., Sept. 18.—The Kaw river at government gauge today

touches the fourteen foot mark. This is a fall of half a foot since this morning. Last night's rain was .63 of an inch. Soldier creek was high and did much damage to North Topeka Saturday, but at present it is inside of its banks.

The Union Pacific and Rock Island through trains are running over the Santa Fe between this city and Kansas City, owing to washouts. Santa Fe officials report a clear line west from Kansas City over their main line and the Ottawa cut-off, except some trouble in the Kansas City yards.

FINED FOR ANNOYING
TWO YOUNG LADIES

H. SIMMS, AN AMATEUR PHOTOGRAPHER, COMES TO GRIEF THROUGH HIS EFFORTS TO TAKE THEIR PICTURE.

"I will fine you \$10, and hereafter you attend to your own business and don't annoy young ladies," is the way Judge Crawford settled with one H. Simms, who was arrested Saturday evening on complaint of two respectable young ladies of this city, who charged that Simms annoyed them when they were on their way up town and while passing the high school building, they met Simms and a companion, who took a snap shot of them with a kodak. To this they seriously objected, and filed complaint against Simms.

The young ladies testified in court that Simms had annoyed them on different occasions here of late, and on Saturday afternoon, when they were on their way up town and while passing the high school building, they met Simms and a companion, who took a snap shot of them with a kodak. To this they seriously objected, and filed complaint against Simms.

JEWELER FOX RETURNS
FROM BRITISH COLUMBIA

H. E. Fox, the jeweler, returned home last night, and he came back with his left foot in bad order. Mr. Fox was at Kitchener, B. C., on business, accompanied by W. L. Hathaway. During the stay at Kitchener he and Mr. Hathaway took a hunt for big game in the thick timber that abound thereabouts, and in the manipulations of the magazine of a rifle, a shot was discharged, the ball striking the top of the foot just back of the big toe, and ploughed itself through that portion of the foot. The shot was purely accidental and was much regretted by Mr. Hathaway, who was with Mr. Fox at the time of the shot. Mr. Fox reports Mr. Hathaway as doing finely, he being the general manager for the Mutual Life Insurance company of New York, for Oregon, with home and headquarters at Portland, and he sends regards and best wishes to former Albuquerque friends.

To those who have by their energy, pluck and sincere regards for the faithful sacrifices they have made in the past, in surmounting obstacles, which we have had not to contend with, I beg to pay my respects and heartfelt thanks, and to clasp them as the veteran fair workers of our territory. I refer to those men who originated and conducted the fairs, beginning in 1881 up to the present time.

NO SCORE AT END
OF SECOND INNING

GREATEST GAME OF SEASON IN
PROGRESS AT TRACTION PARK
THIS AFTERNOON WITH ALBUQUERQUE PLAYING TRINIDAD.

With no score at end of second inning, the game between Albuquerque and Trinidad at Traction park this afternoon, promises to be the greatest game of the season.

Pierce, who is pitching for Trinidad is said to be no other than the famous Glaze, of the Silverton, Colo. team, and he is being played under protest. If this is Glaze he is a phenomenon. In this year he pitched a game in the Black Hills league in North Dakota, nine innings, no hit, no score and struck out twenty-three batters.

Benn is pitching a great game and struck out four men up to the end of the second inning. Kunt got a single in the first half of the second. The right fielder fumbled the ball and by sensational base running Kunt got to third. But it was to no avail, he was caught at home, while attempting to score on a ball hit by Randall. Pettus is catching a great game and his fine catches of fouls pulled Albuquerque out of one or two very tight places.
